

# It's Good To Me!

*As talkers we will be using longer sentences when we talk, using up to 6 words in our sentences! We will use talk to help us share our ideas. We will begin to understand 'why' questions and answer them.*

*As artists we will begin to draw with a lot more detail. We will start by drawing faces and adding all the details we see on our face and other peoples faces. We will also be using artwork from famous artists to inspire us when we draw our own pictures. The artists we will be using for inspiration are: Pablo Picasso, Andy Warhol and Frida Kahlo.*

*As citizens will be learning about different occupations. We will think about and talk about how different jobs help us in the local community. We will share what job we would like to do when we grow up.*

*As citizens will be learning about different occupations. We will think about and talk about how different jobs help us in the local community. We will share what job we would like to do when we grow up.*

*As mathematicians we will be comparing objects relating to size, length, weight and capacity. We will also compare quantities using the words more than and fewer than. We will be linking numerals to amounts. The children will be increasing their understanding of positional language e.g. the bag in underneath the table*

## Home Learning

**Talk with your child about what they would like to be when they grow up. Ask them to tell you why they want to do that job and how they will help people.**

**And**

**Ask your child to draw a picture of themselves.**
